

SALEM POLITICAL MACHINE HIRES SPACE

Are the people aware that the Salem political machine cannot meet the men it wants defeated in open debate?

Are the people aware that unable to meet the candidates of the people that space has been hired to advertise false issues?

As they have done so many times in the past, they seek to make a false issue of one man whom they dread and fear and hate worse than the devil does holy water.

SO THEY HIRE A TWO-COLUMN SPACE IN THE STATESMAN.

Will the Statesman tell the people who edit that space and puts up the money?

The Salem political machine which ran the late convention with two Southern Pacific attorneys in charge has hired space in the Statesman to advertise the editor of The Capital Journal.

He is arrayed with Senator Bourne, W. S. U'Ren and Tom Watson as the author of ALL THE WOES AND CALAMITIES THAT HAVE OVERTAKEN THE MOST PROMINENT MEMBERS OF THE MACHINE.

Some of them are under indictment and conviction, and others

have had narrow escapes. They are hiring space to blacken men who stand by the people's rights.

The machine leaders were unwilling and unable to meet Mr. U'Ren in debate at Salem. They are unable to meet the Statement No. 1 Republicans in debate. So they hire space to abuse a private citizen.

WHO PAYS THE MONEY FOR THAT SPACE TO DOWN STATEMENT NO. 1?

They hire space to abuse A. C. Libbey of Jefferson who is deputy grand master of the Odd Fellows of this district, and who has never been mixed up with ballotbox frauds.

LIBBEY IS A CLEAN RESPECTABLE YOUNG ORANGER and a man the machine naturally hates because he is unapproachable for any rotten scheme such as the gang work on the unsophisticated.

If he goes to the legislature he will vote for the people's senator and to trim the whiskers of the machine gang at every turn of the road. Why shouldn't they fight Libbey and call him a Populist.

That is the class of men the machine does not want to have in the legislature and are spending their money like water to keep them out.

INITIATIVE MEASURES TO BE VOTED ON--NO. 14

The fourteenth in the list of 19 proposed initiative and referendum measures has to do with the instruction of legislators on the senatorial question. The forms in which it will appear on the ballot is as follows:

PROPOSED BY INITIATIVE PETITION

A bill for a law instructing members of the legislature to vote for and elect the candidates for United States senator who receive the highest number of votes at the general election.

326. Yes.
327. No.

The bill as it has been submitted to the people is as follows:

"A bill to propose by initiative petition a law to instruct the members of the legislative assembly to vote for and elect the candidates selected by the people for United States senator from Oregon.

"Be it enacted by the people of the state of Oregon:

"Section 1. That we, the people of the state of Oregon, hereby instruct our representatives and senators in our legislative assembly, as such officers, to vote for and elect the candidates for United States senator from this state who receive the highest number of votes at our general elections."

CALIFORNIA GIRL CAPTURES LONDON

London, April 7.—Maud Allen, the San Francisco dancer, who is making a tremendous hit here, particularly in her Salome dance, is assured a long run of popularity. She has drawn more cabinet ministers and members of the nobility to the Palace Music hall than that theater has had since it was converted from a grand opera house into a novelty show. Miss Allen's appearance as Salome when she dances around the head of John the Baptist, is made in a costume that is decidedly décolleté, consisting principally of strings of pearls.

Sugar Trust Is Advancing.

Portland, Or., April 7.—A concerted rise of 30 cents on the 100 pounds on fruit sugar which was announced here today by the agents of the three big coast refineries has brought about a renewal of the rumor that the American Sugar company, the Honolulu Plantation company and the Western Refining company have entered into a combination to control the sugar market on the Pacific coast. This is the third stiff rise in the quoted price of sugar that has occurred within the last three weeks and dealers declare that the fact that all three of these rises in price have occurred simultaneously in the offices of the three big refining companies gives color to the report. A 20 cent increase was also announced on other grades.

Negroes Gather Against Taft.

Philadelphia, Penn., April 7.—Negroes from every part of the United States—bishops, editors and other leaders of the race—gathered here today in a "national convention" to oppose the administration of President Roosevelt and declare against the candidacy of Secretary Taft.

Bishop Alexander Walters, of the African Methodist church, and the Rev. W. H. Scott, president of the Negro Suffrage league, are leaders in the movement.

MARRIED SIXTY YEARS SUNDAY

W. H. Ray and Wife of Myrtle Point Celebrated Their Wedding Anniversary.

Mr. and Mrs. W. H. Ray, of Myrtle Point, parents of Frank Ray of Marshfield and former residents of Marshfield, celebrated the sixtieth anniversary of their marriage Sunday. A large number of friends and relatives of the venerable couple participated in making the anniversary a merry one.

Mr. and Mrs. Ray, despite their years, are enjoying good health. Mr. Ray is eighty-two years old but still quite active.

The couple came to Coos Bay from Nebraska about ten years ago and made their home with their son, Frank, until a couple of years ago when he moved to Myrtle Point.

Frank Ray and family and H. P. Bohlen were among the Marshfield people who participated in the celebration of the joyous event.

EDUCATIONAL PALACE

The April American Boy. The smiling, satisfied face which looks out from the front cover of the April American Boy is an index to the interesting, instructive, and pleasing matter this number contains. Jimmy Jones, Pirate; Four Boys on the Mississippi; and That Dillingham Boy, continue to delight their readers.

The boys who desire to have clean, healthy bodies will find Talks with the Doctor; Some Secrets of Cleverness, and Destroyers of Boys, unusually interesting. Forty Stunts in Magic for Amateurs and Trapping Hints for Boys contain many things for boys who enjoy mystifying their friends and those who delight in capturing animals. Every one of the regular departments will well repay the reading of them. 82 illustrations. \$1.00 a year. The Sprague Publishing Co., Detroit, Mich.

The April Century. Of specially notable interest is the discussion of "The Age of Mental Virility," by W. A. Newman Dorland, M. D., who presents in this paper the main results of three years' investigation into the records of achievement of the world's chief workers and thinkers. The conclusions set forth are based upon the careful compilation and analysis of four hundred records of men famous in various lines of intellectual activity. Dr. Dorland's records indicate fifty as the average age for the performance of the masterwork. The railroad has perennial timelessness as a topic and Ray Stannard Baker finds as a text for a paper on "Destiny and the Western Railroad" the remark—not altogether in jest—of a Western agent. "The

West is purely a railroad enterprise. We started it in our publicity department." Barton Wood Currie has an interesting story to tell of "The Transformation of the Southwest," through the legal abolition of gambling, a surprising and wholesome transformation. Of general popular interest, and with many delightful illustrations from drawing by Harry Fenn, is Sylvester Baxter's "The Railway Beautiful," an account of what has been done in several notable instances, in improving railway lines, wayside and stations, and a plea for careful attention to such improvement.

Rheumatism. More than nine out of every ten cases of rheumatism are simply rheumatism of the muscles, due to cold or damp weather or chronic rheumatism. In such cases no internal treatment is required. The free application of Chamberlain's Liniment is all that is needed, and it is certain to give quick relief. Give it a trial and see for yourself how quickly it relieves the pain and soreness. Price 25 cents; large size, 50 cents. Sold by Dr. Stone's drug store.

All Signs Must Go.

I am instructed by the council to notify all concerned:

That all signs which are now erected and suspended in the city which do not conform to the provisions of ordinance No. 552, must be forthwith removed.

SUPREME COURT REVERSES CASE FOR SECOND TIME

After pending in the courts of this state for the past six years, during which time it has twice been as high as the supreme court, the suit of Mrs. Mary Stewart Whigham against the Supreme Court of the Independent Order of Foresters for \$2000 insurance on the life of her husband has been again returned to the circuit court of Multnomah county for trial. In both instances the circuit court rendered a decree in favor of Mrs. Whigham and the supreme court in favor of the Independent Order of Foresters. Judge

A. L. Frazer of Portland rendered the last decision in favor of Whigham, while the supreme court decision is written in favor of the order. The order is trying to evade payment of the insurance money because he was not a habitual drinker. The other hand the defendant knows the officers of the order know this when they issued the policy.
